Tables of time. How many minutes in a year. We are all constantly confronted with tables of time, such as the table of minutes, with which we are all very familiar, The tabela minutes especially when they are displayed with 4 groups; hours, minutes, seconds and a decimal point. But the decimal point has another name. We have already dealt with it in the last discussion on the word time, and we will get to it again. There is an ambiguity of meaning in the tabela minutes because it can mean both an hour and a minute. Looking at an interval or set of intervals, we can distinguish between hours (time intervals with a decimal point at the end) and minutes (time intervals without a decimal point).
